Cream

Camel

BFAJ108

A minimal, classic business meeting look for you with a mix of neutral tones and a pop of navy.

Navy stands out in photographs and presentations, letting you make a statement while not overpowering your look.

Topwear

Cream silk blouse

I've chosen a neutral-colored blouse for your first day. Because you're an olive-neutral skin tone, camel and beige shades work very well for you. In fact, you can pull off both warm and cool tones exceptionally well.

Bottomwear

Navy tailored trousers

To go with your cream blouse, I've added navy tailored trousers. Navy not only photographs well during presentations, it also reads authoritative at a meeting. Plus, the stark contrast makes your look stand out.

Emerald Midi Dress

I've chosen an emerald pleated midi dress for your work dinner. The colour perfectly suits your olive/neutral skin tone. Since you preferred keeping your arms covered, I've chosen a dress with sleeves.

Topwear

Asymmetric Black Top

For your outing, we're starting with a flattering silhouette - an asymmetrical snug-fit black top. Elegant, on-trend, and feminine. Since you like your arms covered, I've chosen a full-sleeve fit.

Bottomwear

Classic Flared Denims

To go with your black top, I've chosen classic flared denims in a mid blue wash. Go for your regular size in high waist for the best fit.
